Feedback- Action Taken Report

[Academic Year: 2020-21]

The feedback on curriculum was collected through online mode from all the stakeholders in the academic year 2020-21. Feedback forms are available on the college website and the stakeholders- Students, Alumni, Teacher & Employer- gave their online response using given web links. Average Rating of All Stakeholders Feedback Response found to be 86.1

Action taken:

1. The Principal calls the faculty personally and informs them about the feedback given by the students and asks the faculty to cope up with the required teaching – learning process.
2. The Management wants to introduce ICT tools in teaching, learning and problem solving aspects.
3. We could not conduct Campus Recruitment Training program during 2020-21, due to pandemic.
4. We have introduced Online teaching for all the courses, due to pandemic for the first time. Some of the students have faced the problems due to technical snags i.e. Wi-Fi connectivity and proper gadgets. Some of the students did not have awareness on online teaching – learning process.
5. The teachers have decided using PPTs and e-resources for enhancing the teaching learning experience.
6. The guest lectures/ seminars are arranged on Career Options.
7. The Orientation programs were conducted on Career guidance and the higher educational prospects.
8. Many competitions/programs/ workshops were conducted through online.
9. The teachers were motivated to participate in more Faculty development programs.

Feedback Action Report

Academic Year (2021-2022)

The Feedback on curriculum was collected through online mode from all the stakeholders in the academic year 2021-2022. Feedback forms weblinks were sent to stakeholders (Students, Teachers, Alumni) who gave their response online. Average rating of all the stakeholders feedback response found to be 91%

Action Taken:

1. The Principal conducted a meeting with the faculty and informed about the feedback received from various stakeholders. He also instructed the faculty to overcome the negative findings if any and work accordingly.
2. In most of the feedback the emphasis was use of ICT tools and its usage between faculty and students. Considering this, the college increased the use of ICT tools in teaching-learning process.
3. It was also found in the feedback that the students demanded for the credit courses to be conducted according to CBCS pattern. With regards to this, the college has conducted 'Cyber Security Workshop' of 2 credits.
4. The tally programme was conducted for the students to make them employable in the market.
5. Infrastructure was developed for the conducive and healthy atmosphere of the college.
6. Most of the students participated in extracurricular and extension activities organized by the college.
7. The Alumni Association registration is in process to involve the distinguished alumni in the decision-making process.
8. The teachers started participating in Teachers Training Programme to update their knowledge in terms of the syllabus content and research.

GEOGRAPHY DEPARTMENT FIELD VISIT REPORT

CENTRAL WATER COMMISSION WIRELESS STATIONS IN HARSUL

Date of Visit: 10/07/2017

Location: C.W.Cs (Rainfall only) Wireless Stations, Harsul

Total Student: 27

Teacher : Prof. Kolte G. L.

Introduction:

The field visit organized by the Department of Geography for S.Y./T.Y. B.A. Geography Special subject students aimed to explore the Central Water Commission's (CWC) Govt. of India Harsul (Rainfall only) Wireless Stations in the Damanganga Basin. The primary objective was to understand the functioning of these stations and their significance in flood forecasting and water resource management.

The visit was organized under the guidance of HOD Prof. Kolte G. L.

Objective:

The objective of the field visit was to familiarize the students with the wireless stations established by the Central Water Commission (CWC) Govt. of India in the Damanganga Basin. The focus was on understanding how these stations monitor rainfall and gauge discharge in order to facilitate flood forecasting and water resource management in the region.

Outcomes:

During the field visit to the CWC Harsul (Rainfall only) Wireless Stations, the following outcomes were observed:

1. Location of Wireless Stations: The CWC has established wireless stations at various locations upstream and downstream of the Madhuban Dam in the Damanganga Basin. These stations play a crucial role in collecting data on rainfall and discharge in the basin.

2. Communication and Data Collection: The wireless stations are responsible for transmitting gauge and rainfall data. They are strategically located at main river stations as well as on tributaries within the basin. This ensures comprehensive data collection and analysis for flood forecasting and water resource management purposes.

3. Villages and Dams Covered: The wireless stations are located in several villages and dams within the Damanganga Basin. These stations serve as crucial reporting points for rainfall and gauge discharge data.

Conclusion:

The field visit to the Central Water Commission (CWC) Harsul (Rainfall only) Wireless Stations in the Damanganga Basin provided valuable insights into the functioning and importance of these stations in flood forecasting and water resource management. The students gained practical knowledge regarding the collection and communication of rainfall and gauge data. Such field visits play a significant role in enhancing students' understanding of the practical applications of geographical concepts in water resource management. It is recommended that similar visits be organized in the future to provide students with exposure to various aspects of water resource management and related technologies.

GEOGRAPHY DEPARTMENT FIELD VISIT REPORT: ANJANERI FORT

Date of Visit: 10/01/2021

Location: Anjaneri Fort, near Trimbakeshwar, Nashik

Total Students: 11

Teacher: Prof. G.U. Harkar (HOD)

Introduction:

The field visit organized by the Geography Department for T.Y.B.A. Geography student aimed to explore Anjaneri Fort, located near Trimbakeshwar in Nashik. This report provides an overview of the fort's historical significance, geographical location, and notable features observed during the visit. The purpose of the field visit was to enhance students' understanding of the region's geography and historical heritage.

Historical Background:

Anjaneri Fort holds immense historical importance as it is believed to be the birthplace of Lord Hanuman, the son of Keshari and Anjanimata, and is also known as the son of Pavan Dev. The fort has strong mythological connections, making it a significant site for history enthusiasts and religious pilgrims. Despite limited historical documentation, the fort's association with Lord Hanuman adds to its cultural value.

Geography of Anjaneri fort:

Anjaneri Fort is situated on a hilltop on the outskirts of Nashik. It is located at an elevation of more than 4,000 feet and is part of the Trimbakeshwar range. The fort is surrounded by scenic farmland and lush green hills, creating a picturesque setting. The region experiences hot summers, making the period from October to

the end of February the best time to visit when the climate is pleasant. From the Anjaneri village, one can witness the twin pinnacles of "Navra" and "Navri."

Observations and Features:

During the visit, several notable features of Anjaneri Fort were observed. The caves near the steps displayed carvings believed to be the work of Jains, showcasing the historical influence of different religious communities in the area. The fort houses a prominent Anjani Mata temple, which is often utilized for accommodation by trekkers and campers. Adjacent to the fort is the "Seeta Cave," comprising two rooms capable of comfortably accommodating around 10 to 12 people. The cave also contains intricate carvings, adding to its cultural significance. Another temple dedicated to Anjani Mata can be found within the citadel area of the fort. The fort's perimeter is expansive, providing a sense of its historical prominence.

Conclusion:

The field visit to Anjaneri Fort near Trimbakeshwar, Nashik, offered valuable insights into the region's geography and historical heritage. The fort's association with Lord Hanuman, along with its natural beauty and architectural features, make it a significant destination for both history enthusiasts and religious devotees. Such

GEOGRAPHY DEPARTMENT FIELD VISIT REPORT: KHAIRAI FORT,

Date of Visit: 12/02/2022

Location: Khairai Fort, near Thanepada, Harsul

Total Student: 8

Teacher : Prof. G.U. Harkar (HOD) and Prof. B.D. Pagar

Introduction:

The field visit organized by the Geography Department aimed to explore Khairai Fort, located near Thanepada in Harsul. This report presents the historical background, architectural features, and notable observations made during the visit. The purpose of the field visit was to provide students with firsthand knowledge of the fort's geographical and historical significance.

Location and Access:

Khairai Fort is situated near Thanepada village in Harsul, Maharashtra. It is approximately 10 kilometers away from the College. The fort can be accessed by road, and transportation options such as buses or private taxis are available. The fort is located on a hill, providing panoramic views of the surrounding landscape.

Khairai Fort

Historical Background:

Khairai Fort dates back to the 17th century and was built by Chhatrapati Shivaji Maharaj after he conquered the region. The fort served as a strategic military outpost. On 1st January 1964, during a rest period, Chhatrapati Shivaji Maharaj stayed near Thanepada village in the Khairai Pali area. The fort's architecture showcases sturdy walls and bastions.

Architecture and Features:

Khairai Fort exhibits unique architectural elements such as the edka and kombada which are adorned with dense forest vegetation. Presently, there are two wells within the fort. During the climb to the fort, one can observe the remains of a fortification called Tatbandi, situated at Vaitaleshwar Temple in a dilapidated condition.

Observations and Learning:

The fort stands at an approximate height of 3,125 feet above sea level, offering breathtaking views of the surrounding landscape. The place called Vetāl's abode is located within the fort, and every year, a grand pilgrimage called Falgun Shuddha Purnima is organized in Thāṇāpāḍa Fair for a period of three to four days. Thousands of indigenous people participate in this annual pilgrimage. During the 16th century, when the Moguls ruled Maharashtra, Khairai Fort and the lands of 19 nearby villages paid an annual land revenue of approximately 5,000 rupees to Shrimant Madhavrao Ballal, as mentioned in the records kept by the Department of Archaeology, Mumbai. To learn about all these aspects of history, a field visit was organized for the students of the Geography Department.

Conclusion:

The field visit to Khairai Fort provided an opportunity for students to understand the geographical and historical importance of the site. The fort's architecture, strategic location, and cultural significance offer valuable insights into the region's past. It is recommended that such field visits be organized regularly to enrich students' understanding of geography and historical heritage.

VISIT to YCMOU

Details of the Program:

Date: 2nd April 2022

Place: Yashwantrao Chavhan Open University, Gangapur, Nashik

Coordinator: Dr. Poonam Borse, HOD Hindi

Introduction:

The Students of the Department of Hindi, Mahatma Gandhi Vidyamandir's Arts, Science and Commerce College, Harsul visited Yashwantrao Chavhan Maharashtra Open University, Nashik as part of field work undertaken by the Department. It's an extension activity going beyond the classroom visited YCMOU.

The visit was organized on 2nd April, 2022 on an auspicious day, Gudi Padwa. The students of the department of Hindi celebrated Gudi Padwa in an innovative way. Instead of preparing Gudi in a traditional way, the students selected well known book of different authors and constructed a meaningful Gudi. The Gudi was named as Gyanachi Gudi or **Gudi of knowledge**.

The Librarian, speaking on the occasion advised to students to read good books because only knowledge can liberate people from all forms of bondage and injustice. Dr. Vijay Jadhav, the Librarian of YCMOU extended full cooperation and support for the Program. Mr. Dhanajay Deshmukh also gave detailed information about audio visual center in Open University. All staff members of the University were very cooperative and supportive.

FIELD VISIT REPORT: RAJESHWARI AGARBATTI COMPANY, SABALBARI

Date: 19/4/2023

Location: Rajeshwari Agarbatti Company, Sabalbari, Near Thanepada Harsul

Owners of the Company: Ambadas Raut and Damayanti Raut

No. of Students: 25

Teachers: Gitanjali Ghatkar and Bhauraj Dalavi

Department: Chemistry

Class: S.Y. B.Sc. & T.Y. B.Sc.

Objectives of the Visit:

1. To provide practical exposure to students regarding the production, packaging, and marketing of agarbatti raw materials.
2. To understand the various work processes involved in the production of agarbatti raw materials.
3. To gain insights into the quality control measures and their significance in maintaining the consistency and purity of raw materials.
4. To observe the packaging phase and learn about the strategies employed for marketing agarbatti products.
5. To interact with industry professionals and gain knowledge about the challenges, trends, and future prospects of the agarbatti manufacturing sector.

Outcome of the Visit:

1. Practical Knowledge: The students gained practical knowledge about the production, packaging, and marketing of agarbatti raw materials. They witnessed the collection and processing of natural raw materials, such as essential oils, resins, and powders, and learned about their significance in agarbatti production.
2. Understanding Work Processes: The students observed the various work processes involved in the production of agarbatti raw materials. They gained insights into the preparation of fragrances,

binding agents, and bamboo sticks, and understood the importance of quality control measures to ensure consistency and purity.

3. Packaging and Marketing Insights: The visit included a demonstration of the packaging phase, allowing students to observe the packaging of agarbattis into attractive and eco-friendly materials. They also learned about the marketing strategies employed by the company to reach a wider customer base.

4. Interaction with Industry Professionals: The students had the opportunity to interact with Mr. Ambadas Raut and Mrs. Damayanti Raut, the owners of Rajeshwari Agarbatti Company. They were able to ask questions and gain valuable insights into the challenges faced by the industry, market trends, and the future prospects of the agarbatti manufacturing sector.

5. Career Preparation: The visit provided students with practical exposure and a deeper understanding of the field of Chemistry and related industries. They gained insights into potential career opportunities in the production, packaging, and marketing of agarbatti raw materials.

Conclusion:

The industrial visit to Rajeshwari Agarbatti Company successfully achieved its objectives. The Chemistry Department students of Mahatma Gandhi Vidyamandir's Arts Science and Commerce College, Harsul, gained practical knowledge, understood work processes, and received insights into packaging, marketing, and industry trends. The interaction with industry professionals enhanced their understanding and provided valuable career guidance. The visit was made possible by the cooperation and hospitality of Mr. Ambadas Raut and Mrs. Damayanti Raut, the owners of the company. The teachers, Gitanjali Ghatkar and Bhauraj Dalavi, were appreciated for organizing this educational visit, which contributed to the overall development of the students' practical knowledge in the field of Chemistry and related industries.

GEOGRAPHY DEPARTMENT TOUR REPORT: KHANVEL

Date: [25/04/2023]

Location: Khanvel

Places Visited: Butterfly Garden, Wildlife Sanctuaries, Deer Park, Dudhani Dam

No. of Students: 25

Class: S.Y. B.A. & T.Y. B.

Teacher: Prof. Rakesh Pagare

Department: Geography

Objectives of the Tour:

1. To provide students with practical exposure to geographical features and phenomena.
2. To study and analyze the biodiversity and ecological aspects of the Khanvel region.
3. To observe and understand the significance of wildlife sanctuaries and their role in conservation efforts.
4. To explore the unique flora and fauna of the region, particularly in the Butterfly Garden.
5. To engage in field-based research and data collection techniques.

Outcomes of the Tour:

1. **Enhanced Understanding of Geographical Features:** The tour provided students with the opportunity to witness and study geographical features and phenomena in the Khanvel region. They were able to apply their theoretical knowledge to real-world situations, thereby deepening their understanding of geographical concepts.
2. **Biodiversity and Ecological Study:** Students had the chance to study and analyze the biodiversity and ecological aspects of the region. They observed various species of plants, animals, and insects, gaining insights into their interdependencies and the delicate balance of ecosystems.
3. **Wildlife Sanctuaries and Conservation Efforts:** By visiting wildlife sanctuaries and the Deer Park, students were able to understand the significance of these protected areas in preserving biodiversity and wildlife. They learned about the conservation efforts and measures taken to safeguard endangered species.
