CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

M.G. Vidyamandirs Arts, Science and Commerce college, Harsul is affiliated to Savitribai Phule Pune University. The curriculum is prescribed by the Board of Studies of the respective subjects of the SPPU. Accordingly, the Course work, syllabus and teaching aids required are decided upon. The curriculum is delivered to the students using a planned process. At the beginning of an academic session, departmental meetings are held to decide the courses to be allotted to each teacher. Number of lectures for each topic is decided according to the syllabus and credits assigned to each topic. College administration provides a well-constructed time table for both UG and PG classes. Departments prepare the departmental timetable which is duly approved by the principal. Teachers prepare their lectures according to the syllabus allotted and classes available. The IQAC has asked the teachers to collect requisite material, download reference material and use appropriate teaching aids - audio and videos, Power Point Presentations to ensure good curriculum delivery. The teachers are encouraged to use learner centric methodology for good curriculum delivery. The teachers prepare teaching plans for their respective subjects, which are submitted to the principal. Departmental academic calendar is prepared in which, the academic and extra academic activities to be carried out are chalked out. The implementation of the teaching plan and the activities of the departments are monitored by the HOD, IQAC and the principal. Minutes of departmental meetings are maintained. Syllabus completion reports are submitted to the principal after the semester and term end examinations. The IQAC compiles the Academic Calendars of the departments and prepare the Annual Academic Calendar of the college. Classroom teaching methods, based on various needs of different subjects are regularly used for the effective delivery of the curriculum. College administration, IQAC and the principal keep a vigilant eye on the results, departmental proceedings and student needs. IQAC also keeps record of the different activities of the college. Teachers are informed about their workload and courses for next academic year. This helps them to prepare teaching plan. Higher authorities Principal, Vice-Principal, HOD, monitor the same. Teachers are expected to execute their courses deliverables as mentioned in Teaching Plans. Teachers refer to the standard reference books prescribed by university along with latest information available through online and other resources for effective implementation of curricular. Besides the use of conventional method, various other teaching methods like Quiz, group discussion, demonstrations, debates, PPT presentation, projects, short films, industrial visits, practical, Assignments, Videos, use of charts and graphs are used for effective curriculum implementation. Academic review and feedback is taken annually. Concerned authorities conduct regular meetings to review the difficulties faced while teaching.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
<p>The college Feedback Committee collects feedback manually from students, Parents, Teacher and Alumni. The College has designed feedback forms to be duly filled by all the stakeholders as an assessment of the overall system. Students' feedback is filled by both, UG and PG students, during their final examination in the college. Students' feedback is received on two criterions: overall college functioning including, office, library, infrastructure, administration and academics and the teaching learning process including content of the course, punctuality and communication skills of teacher, approach towards the students, sharing of innovative ideas etc. Students have to select any one option from A, B, C, D, corresponding to excellent, good, satisfactory and unsatisfactory. The analysis report is submitted to the head of institution and Quality Assurance cell for corrective measures and it is communicated to the concern teacher for further improvement. Alumni feedback is collected by organizing annual alumni meeting. Alumni feedback is based on role of the college in the development of student's personality, employability and academic excellence. Feedback is also collected from the parents during parent-teacher meeting. The strength and weaknesses mentioned are thus summarized. Suggestions and comments given by the parents are also taken into account for future development. Different areas where improvements are required are discussed in IQAC and college development committee meetings. Teacher's feedback is taken on their views about the curriculum provided by our affiliated university, college environment, syllabus, college administration, infrastructural availability, and support from management etc. Their suggestions are conveyed to the concerned authorities.</p>

The college has the Mentor system wherein the full-time teachers of the college have been engaged as mentors of each class. Students of each class in the college are having a full-time teacher as their class teacher who performs the role of a mentor. The classes, where there are huge numbers of students, have been assigned more than one mentor. At the beginning of the academic session, the class-wise names of the mentors are displayed on the college notice board. The mentors are responsible for academic progress and psychological wellbeing of their mentees. They are also entrusted with the task of monitoring the attendance and academic progress of the students. They also provide primary psychological counseling to those who need them and refer them for more professional counseling by Dept. of Psychology, if required. At the beginning of the academic session, the mentors conduct a orientation for the mentees, whereby they are acquainted with the institution, its goals and mission, the facilities available and the regulations of the affiliating university. College conducted induction program for first year students on the following topics as introduction of the college, various activities conducted by college, examination pattern, career opportunities, Health Management etc. The mentors maintain the biographic details of each individual mentee. They also maintain record of their class attendance, class performance and academic progress. The mentors use both formal and informal means of mentoring. The mentor system, apart from its formal part, also exists as a robust informal mechanism to boost inclusiveness, gender sensitivity and social responsibility of students.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

As a part of educational strategy, the institute takes the efforts to improve the performance of students by framing significant reforms in continuous internal evaluation in accordance with the norms and guidelines of Savitribai Phule Pune University, Pune. The reforms are as follows: All the teachers of concerned subjects submit a set of question papers through the Head of the Department to the examination committee. The question papers for the internal examination are prepared in a uniform pattern and as per the guidelines of the University. Unit test/Internal test are conducted once in a semester. The syllabus for the internal examination is communicated to the students in advance by the concerned subject teacher. The college has appointed internal squad for the prevention of malpractices in the internal examination. Mobile phone in the examination hall is strictly prohibited. Students are encouraged to solve previous year's University Examinations Questions Papers. The institute conducts group discussion, seminars, oral examination, open book test, etc. The students are informed about the reappearing/revaluation schemes available to them. Result analysis is done by the respective faculty after Continuous Internal Evaluation (CIE) Tests. The performance of the students is monitored by the principal and the necessary feedback is given to the concerned faculty members. Online internal marks are submitted to the university through teacher's login accounts on the university internal examination portal.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college prepares its academic calendar in accordance with the affiliating university calendar. The schedule of the internal assessment and evaluation is clearly defined in the academic calendar. The examination section in the college handles the matters related to planning, execution and feedback of internal assessment. The parent institution has a separate administrative officer in the higher education department. 4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The institution has defined a mechanism for maintaining and utilizing the resources. It has a purchase committee. The purchase of necessary stationery, lab equipment, chemicals, sports equipment, etc. is made through the purchase committee. The concerned departments submit a demand/maintenance letter to the principal who after approval forwards it to the purchase committee. The purchase committee reviews the letters in terms of need and generates a purchase order and submits it to the Administrative officer of the parent institution. After approval of the Administrative Officer the tenders from eligible Vendors are invited. The quality of service, goods, equipment, past performance cost is all considered for placing the final purchase order. For maintenance, the institute has an estate officer who periodically looks after the maintenance of building, furniture, computers, electricity, and compound and other physical amenities. The estate officer communicates the need of maintenance to the administrative officer. The letter then sends to the site engineer who reviews the need for maintenance. Furthermore, he submits a report to the administrative officer (Estate and maintenance). Then the office sends skilled workers to do the maintenance. However local help is also sought in case of emergency in maintaining physical and support facilities. Each department maintains a stock register. A committee is constituted to review the status of stock at the end of an academic year and submits a status report to the principal.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1 Title: - To create awareness among girl students about health related issues. Goals: • To create awareness about health-related issues. • To provide psycho social counselling to students for maintaining psychological health. • To provide guidance for stress management. • To identify the girl students having haemoglobin deficiency and malnutrition. • To provide medical assistance to the girl students. The Context: Harsul and the surrounding region has been declared as "Tribal Zone" by the Govt. Of Maharashtra. Majority of our students are socially and economically backward. According to the motto of our institution "Bahujan Hitay Bahujan Sukhay", we are working sincerely for the welfare and betterment of this downtrodden section of society. As the saying goes 'Health is Wealth', girl students particularly in Tribal area suffer from common health issues such as Haemoglobin deficiency, Malnutrition, Depression, Stress related issues etc. Majority of the female students enrolled in college come from socially and economically backward families and are underweight. India has high prevalence of iron-deficiency, anaemia among women. Between 60-70 adolescent girls are anaemic, a condition that can result in adverse pregnancy outcomes or even maternal death, as well as reduced work productivity and impaired physical capabilities. In this context, it was felt that these girl students should be provided Medical and psychological counselling, guidance and assistance to tackle the problem. Practice: The Ladies Forum has been constituted for the purpose of providing a platform to the girl students. It addresses a wide range of issues, ranging from Psycho social counselling to Physical Health. The college is striving sincerely for the welfare and betterment of girl students and for the cause of gender equity.The Ladies Forum and National Service Scheme jointly organised a Health Check-up Camp for the girl students. The plan was worked out in association with a team from Rural Hospital, Harsul.The team of Medical Officers and supporting staff ,with the necessary medical equipment and drugs- (supplements- iron and folic acid tablets) conducted the physical check-up and the girl students diagnosed with anaemia and haemoglobin deficiency were given required supplements. Impact A large number of students participated in the camp and acquired knowledge about safeguarding their health. Some of the girl students were diagnosed with major health problems, and were advised to take advanced treatment. The medical experts also delivered lectures for preserving psychological health. Obstacles - The main reason of Anaemia and Malnutrition among girl students is, poor and inadequate diet. It is difficult to fulfil the dietary requirements of these students ,which is the main cause of Anaemia. 2 Title- Online course in Remote Sensing for Tribal Students by the Department of Geography. Goal - Skill Development of Tribal Students. To bridge the Urban -Tribal skill gap. The context: - Harsul and the surrounding region has been declared as „tribal zone? by the government. The motto of our institution is „Bahujan Hitay Bahujan Sukhay?. Accordingly the college continues to impart higher education to the tribals- who live in remote unapproachable area. Majority of our students belong to schedule tribes who are socially and economically deprived. Along with facilitating the participation of tribal students in higher education, the college is sincerely trying to bridge the skill gap between Tribal Students of the college and their Urban counterparts. The college is sincerely trying to enhance the technological abilities of the Tribal Students to make them competent to face the challenges of 21st century. Practice -- Today online education has clearly become one of the most popular and useful higher education alternatives. Online learning can be just as effective and useful as face to face learning. The ASC College,

Harsul is situated in Tribal region and majority of the students belong to socio economically backward classes. The Department of Geography has started an online course in Remote Sensing for the students in association with The Indian Institute of Remote Sensing. This year 07 students have successfully completed this course. These students could play a key role in technological upgradation innovation and competitiveness. This online course has boosted the confidence of Tribal Students and is helping them to have a smooth transition from traditional academics to working career. Resources Required: Computers, Internet Connection. Obstacles: There are always Financial constraints. The other problems are unavailability of continuous supply of electricity and internet facility

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Performance of the Institution in one area distinctive to its Vision, Priority and Thrust Mahatma Gandhi Vidyamandir's Arts, Science and Commerce College, Harsul was established in June, 1993 for providing Higher education to the Tribals, who were socially and economically deprived. The college is run by Mahatma Gandhi Vidyamandir- one of the leading and reputed educational Institute. The college has completed Silver Jubilee in the academic year 2018-19. Harsul and the surrounding region has been declared as Tribal Zone by the Government of Maharashtra. The college holds the distinction of being the only institution providing the facility of Higher education to the Tribal Students from the surrounding area. The devotional motto of the institution is "Bahujan Hitay Bahujan Sukhay". Accordingly, the college continues to impart higher education to the Tribal Students, who live in remote, unapproachable area of Nashik District. Educational improvement is a stepping-stone to the economic and social development, and one of the effective means for the upliftment and empowerment of the tribal community. Today's age is an age of cut throat competition, and challenges. Students who belong to Tribal community have to compete with their Urban Counterparts who are easily exposed to the better educational facilities available in Cities. The Tribal Students from our college are educationally and socio-economically deprived. Therefore, we are determined to make them competent enough, so that they can face the challenges of the 21st Century. We have been sincerely and devotedly trying to motivate and encourage these students in competitive spirit and confidence. Our efforts are directed towards providing an opportunity and an environment that is inspiring and stimulating. Our Vision is 'Enrichment of society by providing educational facilities to the Tribal Community'. Our Mission is 'To impart education to the Tribal Students and make them more employable in the market.' Some of our Objectives are: To provide education to the Tribal Students. To achieve academic and social excellence. To increase the strength of female students. To impart quality education to the Tribal Students. To make the learners more employable. To work for the community development. To create learner-oriented atmosphere. These objectives are taken care of and highlighted in the policy and mission statement of the institution. The college uses education as the tool for empowering the students from adverse and poor socio economic classes. Apart from the regular academic activities various extension activities are conducted in the college to make the students competent to face the challenges of today's age. The college has been celebrating Silver Jubilee in the current academic year. A large number of activities were conducted this year for the overall development of the Tribal

Students. A State Level Literary Meet was organised in the college by 'Akhil Bhartiya Sahitya Parishad'. Renowned Literary figures from all over Maharashtra, participated in this Literary Fest. The Department of Geography has been conducting an online course in Remote Sensing for the students of TYBA. The Students' Development Board conducted the following activities 1 Skill Development Workshop 2 A Workshop on Tribal Culture and Folklore 3 District Level Youth Literary
